Summary

Computer science Engineering student looking to work in a growth-oriented organization which offers me challenging opportunities to enhance my profession and technical knowledge.

PROJECTS

DISCORD CHATBOT

Developed a multifunctional chatbot for the Discord app as part of a hackathon. The bot enables text-to-speech conversion, enhancing user engagement and accessibility.

SPOTIFYCLONE

Developed a music streaming web app similar to Spotify with interactive UI and backend functionality. Implemented Cloudinary for media storage and integrated APIs for dynamic content.

WEATHER APP

Created a weather application that provides real-time weather updates based on user location or search queries.

Educational History

GEETHANJALI INSTITUTE OF SCIENCE AND TECHNOLOGY

B.TECH(CSE) (2022-2026)

CGPA-8.37

KRISHNA CHAITANYA COLLEGE

INTERMEDIATE (MPC)

SCORE-66.5%

RATNAM HIGH SCHOOL

SCORE-96%
